

Venice Green Volley® 2019

Parco San Giuliano – Mestre | Venezia

June 29-30

A brand new and spectacular event of **Green Volley**, open to everyone, in one of the biggest city park in the world and in front of the amazing scenery of the Venetian lagoon. An unmissable summer tournament addressed to university students and anyone who want to share with friends a weekend of sport and evening parties.

Tournament format and regulations

The event is divided into three categories: **Men's 3x3**, **Women's 3x3**, **Mixed 4x4** (2 men and 2 women on the court). In each category there can be up to two substitute players per team. Athletes playing for a team are not allowed to play for another team in the same category. Those who participate in more than one category will have the certainty of not having overlapping matches. Each tournament has a qualifying round (first day) where teams are divided into groups. Once the qualifying round is over, a temporary ranking will be assigned to teams, based on the total points acquired (in case of equal amount of points acquired, the team who registered first will be placed on top). The final round matches (second day), to which all the teams will enter, will take place based on the predetermined rankings and will be direct elimination matches. The best teams of the university tournament will be also included by right to the final round of the open tournament (the number of university teams will be decided based on the number of registered teams to the open tournament).

All matches will be played in one set at best of 25 points with a limit of 27. Matches will be arbitrated by athletes of other teams according to the program that will be handed out at arrival. Federal referees will arbitrate the final games.

Indoor rules will be applied.

Court sizes are 8 x 16 meters

The height of the nets are set as follows:

- Women's 3x3: mt. 2,24
- Mixed 4x4: mt. 2,35
- Men's 3x3: mt. 2,43

Money Prize

The tournament will have a total money prize of **3.900,00 euro**, divided for each category as follows: 1° cl. = 600,00; 2° cl. = 400,00; 3° cl. = 200,00; 4° cl. = 100,00. Amounts are to be considered gross of statutory tax (at the moment 20% as by art. 30 Dpr 600/1973) and will be paid at the end of the tournament.

In case there are less than 15 teams in one category, the prize money in that category will be halved.

Arrivals and departures

Upon arrival, each team leader (or one of his delegates) has to present himself at the check-in desk to complete registration and where all the information concerning the tournament, accommodation and evening parties will be provided. The check-in desk will be set up inside the event secretarial area within the Parco San Giuliano and will be open on Friday from 15.00 pm to 7.00 pm, Saturday from 7.45 am to 9.00 pm.

Game Schedule

Game times. Saturday from 8.30 am to 6.30 pm; Sunday from 8.30 am and finals beginning at 5.00 pm. The definitive program will be communicated at check-in.

Evening party. Saturday from 7.00 pm

Weather conditions and other adversities

The tournament will be played under any weather condition; it is to be intended that in the presence of particular adverse weather conditions or other external events, the event organizer, to his unquestionable judgment and without this implying any refund obligation, may decide to suspend or cancel the matches and the evening parties or to move them at the indoor gym of the University Sport Complex in Dorsoduro 2407 in Venice.

For each tournament category, within a single game day, the Tournament Director may decide one or more match suspensions and decide on the resumption when conditions allow it. In this case, matches will resume taking into account the score at time of suspension.

For each category, if the Tournament Director decide to permanently suspend a qualifying round match, the temporary ranking will be decided based on the results achieved by each team at time of suspension; to all those teams that did not play any game will be given a default ranking score which will be calculated by averaging the points obtained in the matches within the referral category; in case of equal ranking points, the team who registered first (date and time of registration form reception) will be placed on top. In this case (permanent suspension of qualifying round matches) and in the case the final round match will not be played, the money prize related to the referring category will not be awarded. In case of definitive suspension of matches of the final stage, the prize money will be equally distributed among the teams still in play at the time of suspension and given only if the prize amount is not lower than euro 20,00.
